

THOUN SOVANNAREACH

FULL-STACK DEVELOPER

ABOUT ME

Motivated, honest, and curious Full-Stack Developer with two years of hands-on experience in web and application development. Passionate about both frontend and backend development, and building practical tools that solve real business problems. Strong focus on writing clean, maintainable code, maintaining clear communication, and taking responsibility for delivering quality work. Known for being punctual, adaptable, and proactive in learning new technologies. Seeking a Frontend and Backend (Full-Stack) Developer Internship to contribute meaningfully while growing within a professional development team.
